2. Collection Roll (FY 2025 / 2026)

1. EXECUTIVE SUMMARY STATEMENT:

The City Engineer prepared this report, hereinafter known as the Report, pursuant to the Landscaping and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code, commencing with section 22500 et seq., hereinafter known as the Act. As instructed, the Report identifies and documents the services, boundary, estimate of costs, method of apportionment, collection roll, and presents the analysis for the 2025 / 2026 fiscal year for Landscaping and Lighting District No. 93-1, hereinafter known as the District.

The annual assessment proposed to be levied against parcels of land within the Landscape and Lighting District No. 93-1 is not an increase from that of the 2024 / 2025 fiscal year. The general characterization of the nature, location, and extent of the improvements for Special Benefit Zones A, B, and C are included in this Report.

The Special Benefit Zones of the District are as follows:

Zone A: Street Lighting Operation, Maintenance, and Services

The operation, maintenance, and services provided will be the energy cost and a replacement reserve for the street lights contained within noncontiguous development areas throughout the incorporated City limits. **All of the properties in the District are included in this Zone.** The boundary for Zone A is defined within Exhibit A of the Report.

Zone B: Landscaping Operation, Maintenance, and Services

The operation, maintenance, and services for this zone are those required for the perimeter sound wall repair, landscape maintenance, plant replacement, pruning, trimming and preventive treatment for street trees, irrigation water, and electricity and maintenance for irrigation systems as applicable. **All of the properties in the District are included in this zone except those parcels of land within Sunnyslope Villages.** The boundary for Zone B is defined within Exhibit A.

Zone C: Enhanced Landscaping (Sunnyslope Villages Only)

The operation, maintenance, and services for this zone are those required for perimeter soundwall repair, landscape maintenance, plant replacement, shrubbery, pruning, trimming and preventive treatment for street trees, turf, irrigation water, electricity and maintenance for irrigation systems, entry monuments, hardscape, detention basin, walls, fencing, drainage detention facilities, drainage structures and appurtenant facilities. **This Zone is for Sunnyslope Villages exclusively, and does not include any other area of the District.** The lots or parcels within this zone will also be assessed for street lighting in Zone A. The boundary for Zone C is defined within Exhibit A.

2. INTRODUCTION

In compliance with the order of the Hollister City Council, and pursuant to the Act, this Report presents the analysis for the 2025 / 2026 fiscal year of the District.

The law allows the District, by direct benefit assessments, to provide funding for the installation, maintenance, operation, servicing, and administration of the following improvements:

- A. The installation or construction of public lighting facilities including, but not limited to, street lighting and traffic signals;
- B. The installation or planting of landscaping;
- C. The installation or construction of statuary, fountains, or other ornamental structures and facilities;
- D. The installation of park and recreational improvements;
- E. The maintenance and/or servicing of the above;
- F. The acquisition of land for park, recreational or open space purposes;
- G. The installation or construction of facilities appurtenant to the above, or which are necessary, or convenient for the maintenance and servicing; and
- H. Incidental expenses related to the District.

Section 22573 of the Act provides that assessments be apportioned with regard to benefit rather than according to assessed value. A portion of the Section is quoted as follows:

The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method, which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.

The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 [commencing with Section 5000]).

The Act also provides for the classification of various areas within an assessment district into different zones. Section 22574 states that where,

Because of variations in the nature, location, and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory, which will receive substantially the same degree of benefit from the improvements. The assessments are levied based on benefit, are therefore not a tax, and are not regulated by Article XIII A of the Constitution of the State of California.

3. DISTRICT BOUNDARIES

The boundaries of the District are as set by Exhibit A within the City limits of the City of Hollister. The boundaries of the District are more particularly described in maps on file in the office of the San Benito County Recorder and/or County Assessor. Such maps are made a part of this report by reference. All lots and parcels of real property affected are listed on the Collection Roll, which is on file in the office of the City Clerk of the City of Hollister. The lots and parcels are more particularly described in maps prepared in accordance with Section 327 of the Revenue and Taxation Code, which are on file in the office of the San Benito County Assessor. Such maps are made part of this report by reference.

4. SPECIAL BENEFIT ZONES:

Certain areas within the District receive differing degrees of benefit from certain improvements. Zones of benefit have been established for parcels within these areas and are listed as follows:

Zone A: Street Lighting Operation, Maintenance, and Services

Zone B: Landscaping Operation, Maintenance, and Services

Zone C: Enhanced Landscaping Operation, Maintenance, and Services

5. DESCRIPTION OF SERVICES, OPERATIONS, & MAINTENANCE

The Services to be provided to the special benefit zones are as follows:

Improvements consisting of landscaping, irrigation systems, street paving, curb, and median repair; the landscaping includes, but is not limited to, maintenance personnel to perform pruning, cutting, trimming, fertilizing, and replacing of plant materials; supplying water and maintaining the irrigation systems in good, effective order; and supplying electricity for automatic meters and valves.

Services mean the furnishing of water for irrigation of landscaping, electricity, and the maintenance of any of the appurtenant facilities.

The landscaping and lighting operations, maintenance, and services to be provided within the special benefit zones will be located within public easement areas in connection with the boundary of Zone A, separately within Zone B and Zone C.

Zone A: Street Lighting Operation, Maintenance, and Services

The services provided will be the energy cost and a replacement reserve for all of the street lights contained within noncontiguous development areas (Exhibit A) throughout the incorporated City limits. Eligible costs include, but are not limited to, poles, fixtures, bulbs, conduits, metering devices, anchors, posts and pedestals, guy wires and appurtenant facilities as required to provide lighting services.

Zone B: Landscaping Operation, Maintenance, and Services

Operation, maintenance, and services required for the perimeter soundwall repair, landscaping maintenance, plant replacement, pruning, trimming and preventive treatment for street trees, irrigation water, electricity, and maintenance for irrigation systems, and all appurtenant structures as applicable.

Zone C: Enhanced Landscaping Operation, Maintenance, and Services

Landscaping, planting, shrubbery, trees, turf, irrigation systems, entry monuments, hardscapes, detention basin, walls, fencing, drainage detention facilities, drainage structures, and appurtenant facilities.

6. PLANS AND SPECIFICATIONS:

Plans and specifications for the improvements to be installed, maintained, operated, and serviced through the District are on file in the office of the Engineering Department of the City of Hollister.

7. METHOD OF APPORTIONMENT:

In accordance with the Act, the net amount to be assessed upon lots or parcels within special benefit Zone A, Zone B, and Zone C are apportioned by a formula and method which fairly distributes the amount among all assessable lots or parcels in proportion to the estimated special benefits to be received by each lot or parcel from the improvements, namely the maintenance, servicing and operation of public landscaping and lighting within their respective boundary.

The maintenance, servicing, operation, and improvements are contained solely within public rights-of-way and dedicated public easements to the City of Hollister, and provide a special benefit received by each lot or parcel within the respective special benefit zone boundary, tending to enhance their value.

Special benefit zone establishment, pursuant to the Act, provides that for equal benefits and services received by lots or parcels within a district, groupings (zones) may be created which allow the costs to be levied only upon those lots or parcels receiving that specific service.

Public Lighting Installation, Maintenance, Operation, and Servicing Assessment

The intensity or degree of illumination, of street lights can have an effect on traffic movement and security awareness of properties or property improvements. Thus, the maintenance, operation, and servicing of public lighting within the City provide a special benefit to the lots or parcels, tending to enhance property value.

The primary benefits of public lighting are:

- A. Improved ingress and egress from lots or parcels in the District; and
- B. Improved security or protection of property, property improvements, and goods.

Proper roadway lighting improves ingress and egress from lots or parcels by illuminating access location after sunset. Likewise, street lighting provides a heightened sense of security for property owners by improving night time visibility of such lots or parcels, and the access of emergency vehicles thereto.

Also, in the case of commercial lots or parcels, such lighting improves ingress, egress, and better facilities for the opening and operation of businesses after sunset.

The assessment formula recognizes that special benefits received from public lighting are based on the following criteria:

1. Property Related – Traffic Circulation

- A. An improved ingress to and egress from lots or parcels within the District.
- B. An improved ingress to and egress from commercial lots or parcels and corresponding promotion of business during nighttime hours.

2. Property Related – Security

- A. Improved illumination after sunset and a corresponding reduction in vandalism and other criminal acts and damage to improvements.
- B. Improved illumination after sunset and a corresponding improvement in the access of emergency vehicles to such parcels.
- C. Improved illumination after sunset and a corresponding reduction in illegal dumping on vacant land.

3. Property Related – Intensity

- A. Intensity or degree of illumination provided on adjacent streets varies with the type of street and the use of the adjacent property.

Public Landscaping (and related improvements) Installation, Maintenance, Operation, and Servicing Assessment

Proper maintenance, operation, and servicing of landscaping, street trees, sidewalks, pedestrian furniture and related amenities are beneficial to any urban environment and enhance property values. Similarly, landscaping along major streets and preventive care of street trees serve to create a more pleasant environment for motorists, residents and pedestrians, as well as an attractive buffer for occupants of adjacent properties. Such areas significantly enhance the value of the properties in the entire City and enhance the image of the City as a whole. The landscaping attributes are

related to each lot or parcel within the special benefit Zone B for all nonexempt parcels, excepting Zone C, which will address only the landscaping services benefitting Sunnyslope Village.

8. BASIC ASSESSMENT UNIT:

The basic assessment unit for this formula is the Equivalent Dwelling Unit (EDU), which is represented by the single family residence where the Traffic Circulation benefits are assigned one-half and security and intensity benefits are assigned one-quarter units each, for a total of one unit or EDU.

Traffic Circulation benefits for multiple family residences are determined on a decreasing scale with one and one-quarter units assigned for each dwelling unit up to four dwelling units. For five or more dwelling units, the total numbers of units are assigned one-half of a unit for each dwelling unit plus one and one-quarter units for Security and Intensity.

A weighted factor has been assigned to each Land Use Code, as coded by the Assessor’s Office of the County of San Benito, for the application of the fee to each lot or parcel. This formula prescribes equivalency factors proceeding from the base EDU Single Family Residential to all other eligible land use codes.

The following listing identifies the weight assignment for the respective land use codes:

9. LAND USE CODE DESCRIPTION: EDU Assignment

Agriculture	0.25 EDU / Acre with 0.25 EDU minimum
Single Family Res: Vacant	0.50 EDU / Acre with 0.50 EDU minimum
Single Family Residential	1.00 EDU / Home
Condominium / PUD	0.90 EDU / Condo
Multi-Family Res: Vacant	0.50 EDU / Acre with 0.50 EDU minimum
Multi-Family Duplex	1.75 EDU / Parcel
Multi-Family Triplex	2.50 EDU / Parcel
Multi-Family Fourplex	3.25 EDU / Parcel
Multi-Family Five Units or More	$[(\text{total units} \times 0.50) + 1.25] \times 1.00 \text{ EDU}$
Commercial / Industrial – Group 1	2.00 EDU / Parcel
Church	
Parking Lots	
Commercial / Industrial – Group 2	3.00 EDU / Parcel
Bank	
Machine / Welding	

Report Preparation and Administration	\$10,000.00
Street Pole Replacement	\$1,940.00
Energy Lamp Cost	\$70,528.47
Subtotal	<u>\$84,968.47</u>
Plus Carry-Over Surplus/Deficit	\$0.00
Fiscal Year 2025 / 2026 Total	<u>\$84,968.47</u>

Units (EDU to Assess)	3,510.78
Yearly Assessment per EDU	<u>\$24.20</u>

Chemicals	\$3,000.00
Sound Wall Maintenance	\$6,091.28
Plant Replacement	\$1,100.00
Detention Basin/Park	\$9,951.00
City Contributions	\$0.00
Subtotal	<u>\$55,517.28</u>
Plus Carry-Over Surplus/Deficit	\$0.00

Fiscal Year 2025 / 2026 Total	<u>\$55,517.28</u>
Units (EDU to Assess)	434.00
Yearly Assessment per EDU	<u>\$127.92</u>
 TOTAL OF ALL ZONES FISCAL YEAR 2025 / 2026 ASSESSMENT	 \$223,669.25

FINANCIAL IMPACT: Anticipate receiving approximately \$223,669.25 in assessment revenue.

11. PROGRAM:

ZONE A: Street Lighting Operation and Maintenance

The total Zone A budget will be levied upon all nonexempt lots or parcels (EDU Formula) resulting in an equal dollar per home with equated benefits to all land use codes as assigned by the County of San Benito.

ZONE B: Street Tree Trimming, Parks, and Landscape Maintenance

The total Zone B budget will be assessed upon all nonexempt lots or parcels (EDU Formula) resulting in an equal dollar per home with equated benefits to all land use codes as assigned by the County of San Benito.

ZONE C: Enhanced Landscaping Operation, Maintenance, and Service

The total Zone C budget will be assessed upon all nonexempt lots or parcels (EDU Formula) resulting in an equal dollar per home with equated benefits to all land use codes as applicable, excluding lots and parcels within Zone C.

12. SENIOR CITIZEN FEE REDUCTION

The City Council has directed that a fifty percent (50%) reduction in the District Fee be offered to senior citizens. To be eligible for this reduction, a senior citizen must be sixty-two years of age or older and be a resident owner of the property. The request for reduction must be made in person, with proof of qualification and property information. It must be filed in the Finance Department of the City of Hollister every year that the District Fee is levied.

13. NO BONDED INDEBTEDNESS:

The City Council has declared that this District will not pursue Bonded Indebtedness to provide Service, Maintenance, and Operation requirements.

14. LIMITATION ON INCREASE OF ANNUAL ASSESSMENT:

The City Council will comply with legal requirements to order the preparation of a Report and to conduct a public meeting and public hearing annually concerning the levy of assessments for the District in accordance with the Act.

15. COLLECTION ROLL:

The individual fee by special benefit zone, ordered and tabulated by Assessor Parcel Numbers, as assigned by the County of San Benito Assessor's Office, is shown on the Collection Roll within the Appendix of this Report.

Respectfully Submitted,

Mark Falgout, P.E., Acting City Engineer
