Jacquez Electric Inc.

60 San Felipe Rd STE - C&D
Hollister, CA 95023
Tel. 831-801-9697
Lic. C-10-926212

Estimate

Customer: Hollister Airport
60 Airport Dr
Hollister, CA 95023

Date: 5/28/25

Attention: Adam

I extend our appreciation on behalf of Jacquez Electric for the opportunity to provide the following price for your electrical construction needs.

Scope of Work

. Provide and install power for the new car charger in the same location as the existing sub panel. Run EMT from sub panel to designated location for new 50amp car charger. (Charger provided by other). Run #6THHN wire from panel to new J-box location. Install breaker, hook up wires and power up new charging system, turn on power and hot check.

Total: \$2,350.00

Exclusions and Clarifications:

- . Any Permits, Inspections, and Bond fees.
- . Any alterations to the existing systems to accommodate any additional load, to accommodate the work of other trades or correct deficiencies or code violations.
- . Fire alarm system.
- . Security Systems and hardware.
- . Telephone/data terminations, equipment or devices.
- . Patching or painting walls or floors.
- . Re supporting of existing electrical.
- . Light Fixture.
- . Off Hours.
- . Special services such as training start up, witness tests, programming, software installations, short circuit, coordination and arch flash studies are not included.
- . No overtime. Work to be during normal hours.
- . Reuse all existing circuits and conduits.
- . Safe-off lighting and power for demo by others.
- . Electrical plans and Design – build engineering for permits.
- . Power poles by others.
- . Provide load verification of main service.
- . Title 24 Acceptance Testing.
- . Any Permits, Inspections, and Bond fees.

Thank you for your interest in using Jacquez Electric. If we be of further assistance I can be reached at (831)801-9697. We look forward to hearing from you. Estimates are valid for 30 days from date received.

Best Regards
Oscar Jacquez

EV Charging Solutions

About Blink

Blink Charging is a leading global designer, manufacturer, owner, operator and provider of electric vehicle (EV) charging equipment and services. As a complete vertically-integrated EV charging company, our industry-leading equipment and robust network of public charging stations are meeting the growing needs of millions of EV drivers everywhere.

Why Choose Blink?

- Flexible business models to meet your needs
- Global cloud-based network to power your management and visibility
- Full range of Residential and Commercial Level 2 and DC fast charging stations
- Commitment to exceptional customer experience with dedicated account management and 24/7 driver support
- Financing and leasing options available

Cellular Repeater

Please note you may or may not need a cellular repeater at your location.

Some locations, like garages and areas where the cell signal is weak may require a cellular repeater system to make sure they receive a signal. A cellular repeater captures an available signal using an antenna and then amplifies it, then repeats the signal inside the garage or area that has a weak signal.

This Signed Document Shall Serve as a Purchase Order for the Proposed Project

Price does not include final shipping fees nor sales tax.

Cancelled or returned DCFC/Specialty product are subject to a 20% fee.

Quoted price is valid for 30 days from

Created Date.

Payment terms are NET 30 from date of invoice per standard Blink Terms and Conditions, located at <https://blinkcharging.com/terms-conditions>

By signing you are committing to order the charging solution as defined.

PowerFlex || Hollister Airport – Quote for HW+SW

The Hollister Municipal Airport can be assured that PowerFlex's industry-leading Adaptive Load Management™ platform prioritizes the use of existing electrical capacity and future-proofs the Airport for *easy expansion*. The PowerFlex platform network can seamlessly onboard the Airport's existing OCPP charger network as well, delivering network management to all new and existing chargers.

PowerFlex appreciates the opportunity to submit our proposal to the Airport and looks forward to an opportunity to assist the Airport and support its EV Charging initiatives and sustainable electrification goals.

Please reach out to the contact information below for any questions or if you need additional information provided.

Respectfully submitted,

David George
