Why do you wish to be on the Airport Advisory Commission and what contributions can you make to the Airport Advisory Commission? (Attach additional sheet if necessary.)

I believe with my vast experience with different aspects of commercial and private aviation, I'm best suited to sit on the Airport Advisory Commission. I have experience working in large and small organizations. I have been tasked in the Navy to reorganize a 200-person aviation maintenance division, working with all levels of individuals, senior leaders to new seamen. I also received US Navy senior leadership awards for revamping and executing the P-3C mining plan, still used by the P-8 today. 34 Years at American Airlines flying all sizes of airliners into small and large airports all around the world.

Almost 50 years in General Aviation the last 22 years as manager/CFI helping Margaret Watt operate Sparrowhawk Aviation at Hollister airport.
