

17.08.020 Commercial and Mixed-Use Zone land uses and permit requirements.

The following table identifies the uses of land allowed by this Zoning Ordinance in each commercial and mixed-use zone, and the land use permit required to establish each use, in compliance with Section 17.02.030 (Districts Established and Designated).

~~Site and Architectural Review shall be required for construction of new buildings, and master sign programs in the Commercial and Mixed-Use Zoning Districts unless a Master Architectural, Landscaping, Lighting and Sign Program has been approved by the Planning Commission for the property within the last three years and the Development Services Director determines that the submittal substantially conforms with the approved program. Site and Architectural Review shall also be required for façade improvements to the roof lines or the location of doors or window of existing buildings that face streets or public use areas. Administrative Site and Architectural Review is required for some uses that involve outdoor sales activities such as auto sales and nursery products or minor alterations to the exterior of a building.~~

~~A. — Administrative or administrative review shall be required for the following:~~

- ~~1. — Administrative Permit Review. Uses that involve outdoor sales activities such as auto sales and nursery products or changes to the façade of a building that faces a public street or road.~~
- ~~2. — Façade Improvement/Alteration. For the addition or removal of up to two doors or windows where the Director determines that the alteration is harmonious with the defining architectural characteristics of the building in relation to materials, scale, size and color and that the building will comply with applicable codes for health and safety, fire, ingress and egress and standards for commercial development. The City Planner may require the addition of an awning or similar feature to comply with the intent of the Commercial and Mixed-Use General Development Standards.~~
