I have been involved in youth sports from Flag football, little league in Hollister, and High School Athletes, Lynbrook High school and Monte Vista Christian (Watsonville). I took many recreation classes in college and I am the primary contact @ the County clinic as my profession and I see a great need for Parks, Arts and Culture that help a society thrive. Not just in physical health but also in Mental health and we must provide these safe spaces for all to enjoy.

Why do you wish to serve on this Commission, and what contributions do you think you can make to this Commission and to the City of Hollister and its residents: I believe Hollister and SB County are reaching a fork in the road, about growth and how we are going to combat it. Do we build or do we just stay put, I believe we need to find a solution that will help our communities. We need more open space, more access for all levels of abilities, more funding for the Arts. This County has so much young talent that we need to give them access to areas to express themselves and provide the tools needed to compete in rapidly changing world. I would love to do my civic duty and join this commission.
